EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

As per claim 1 line 2, "programs" has been deleted and --basic operating programs-- has been inserted.

As per claim 1 line 9, "specifications" has been deleted and --specifications of said washing time, said number of rinse cycles and said spin-dry time preprogrammed for said basic operating program-- has been inserted.

REASONS FOR ALLOWANCE

3. Claims 1-7 and 9-21 are allowed.

4. The following is an examiner's statement of reasons for allowance:

As per claims 1 and 11, the prior art of record taken alone or in combination fails to teach special operating program setting means for establishing a special operating program wherein the special operating program is established by selecting one of the plurality of basic operating programs and independently setting at least two of the specifications of said washing time, said number of rinse cycles and said spin-dry time preprogrammed for said basic operating program.

As per claims 20 and 21, the prior art of record taken alone or in combination fails to teach special operating program setting means for establishing a special operating program wherein the special operating program is established by selecting one of the plurality of basic operating programs and independently setting at least two of the specifications of the washing time, the rinsing time and the drying time preprogrammed for said basic operating program.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. The examiner has considered the information disclosure statement (IDS) submitted on 7 November 2006.

Drawings

6. The drawings were received on 8 January 2007. These drawings are unacceptable. Lead lines to reference numbers that have been deleted should also be deleted.

7. The above changes to the drawings have been approved by the examiner. In order to avoid abandonment of the application, applicant must make these above drawing changes.

Specification
